# Guiding you down the path of choosing cremation as your final tribute.

There is nothing more personal than remembering a loved one. From products that honor a life to services that respect a legacy, remembrance is yours to care for and ours to support.

Your funeral director is here to guide you through each step of this journey.

**UNDERSTANDING YOUR CREMATION OPTIONS**

## Remembrance is a personal journey.

When choosing cremation, use this guide to help you honor their life in a way that's as special and unique as how they lived.

**STEP 1: Design a meaningful service, tribute or gathering.**

The ceremony is a way to tell your loved one's story and celebrate their life.

**STEP 2: Select a personalized cremation casket or container.**

The casket or container is the resting place that provides dignity to your loved one.

**STEP 3: Choose a personalized memorial urn.**

The selection of the urn typically complements the final placement.

**STEP 4: Consider personal memorials for family and friends.**

Keepsakes and jewelry are lasting mementos that will remind you of your time together.

## Advice from an expert

When we experience the death of someone we love, a funeral or memorial service fills several important needs.

- A service pays special tribute to your loved one's life, helping us acknowledge the death and remember the life during this naturally difficult time.
- It helps you face the reality of death, a first step toward taking grief from the inside and allowing us to express it on the outside through mourning.
- Friends and family may express the love and respect they feel. Often, just seeing how much others care can help a family adjust to their loss.
- Funerals and services are a means of expressing our beliefs, thoughts and feelings. It helps us acknowledge that someone we love has died and allows us to say goodbye.
